About Es'hailSat

Es'hailSat, The Qatar Satellite Company was established in 2010. Based in Doha, Qatar, the company owns and operates satellites to serve broadcasters, telecommunications companies, businesses, and governments. Es'hail-1, launched in 2013, provides television, telecommunication, corporate and government services across the Middle East and North Africa region. Es'hail-2, which was launched in 2018, enhances the capacity needed to support growth. Es'hail-1 and Es'hail-2

are co-located at the 25.5°/26° E, TV broadcasting hotspot for MENA.

About TMC

Total Media Cast, a leading media management and consulting firm, provides technical and operational solutions to various organizations operating in the radio and television sector. We are establishing satellite channels from A to Z. Our consultants have decades of experience and co-founded several successful channels across the Middle East and North Africa. We also pride ourselves on our distinguished relationships with leading media software and equipment providers. Total Media Cast also offers a number of other services: post-production services, studio insurance services, station

streaming services, news transport vehicles, mobile broadcast equipment, and archiving software solutions.
